

Letters to the Editor

June 24, 2008

We'd like to share some unsolicited feedback we received last week from two of our readers:

Dear Editor:

I've been in the business 24 years. This newsletter is worth reading all the time for me, as an adviser that manages money. Different view points with substance on investment sectors are very important to read.

Thanks!

Yours Truly,

Patrick T. Byrne,

To the Staff at Advisor Perspectives:

Thank you for an outstanding newsletter filled with top quality information and interviews. I am not sure how I was added to your e-mail list and it does not matter. I am so glad to get this mailing on a regular basis.

Excellent work and thank you for covering timely, interesting topics and offering good information.

Sincerely,

Melissa Hammel, CFP, NCC
