The S&P 500 bounced, ending the positive week with a gain of 4.30% from last Friday. The week also saw daily gains and is 4.90% off its record close.

The U.S. Treasury puts the closing yield on the 10-year note at 2.87%.

Here is a daily chart of the S&P 500. Today's selling puts the volume 2% below its 50-day moving average.

Here's a snapshot of the index going back to December 2008.
